

# DOLOMBERRY

## DISTILLED GIN

All the wonders of sunset in the Dolomites are encapsulated in every sip of Dolomberry. It pays tribute to the most spellbinding time of day in this part of the world, when the sun sits low on the horizon and the peaks are tinged with rosy and orange shades. Known as "alpenglow", this breathtaking natural phenomenon is steeped in a sense of beauty and harmony, summing up the core role that light plays in life in the mountains.

With Dolomberry, balance and purity pave the way to a sublime sensory journey that celebrates the light, aromas and essence of the Dolomites.

### CHARACTERISTICS

**Type:** Distilled Gin

**Distillation method:** Batch distillation

**Alcohol by volume:** 41,7% vol.

### BOTANICALS

Dolomberry gets its aromatic qualities from a balanced blend of juniper, wild raspberries, mountain pine, lemon peel, cinnamon, angelica, camomile flowers, cardamom and rose petals: a combination that gives the gin a crisp, perfectly poised aromatic profile full of quintessential Alpine floral and resinous notes.

### TASTING TIPS

To bring out the best of Dolomberry's aromatic qualities, serve it with Indian tonic water or tonic water with subtle citrus notes that will complement the refreshing mountain pine and the naturally sweet raspberry flavours. It is also ideal for serving neat, for those who really want to savour its balance and purity.

### BOTTLE SIZE

Available in 700 ml bottles
