

VECCHIA GRAPPA DI PROSECCO

GENESI Collection

As a contemporary take on a great Da Ponte distillation classic, Vecchia Grappa di Prosecco - Genesi Collection marks a new beginning while staying true to its roots. As the name "Genesi" suggests, it draws on its origins and gives a modern twist to an outstanding product with a long history behind it.

Made with a selection of the finest Glera grape pomace from the D.O.C.G. Conegliano-Valdobbiadene area, its aromatic profile has been taken in a new direction and elevated by carefully selected oak barrels from Limousin, which enhance the ageing process.

It is a rich, golden yellow colour and is shrouded in balsamic and floral notes, which blend with hints of vanilla, caramel, raisins and apricots. Smooth and perfectly poised on the palate, its long, velvety finish is complemented by a fruity aftertaste with a sophisticated vanilla encore.
